About **INDRELAND ANGUS**

Our mission is to provide genetics and services that help cattle producers attain more freedom in their business and life.

Indreland Angus originated in 1977. Our production philosophy is that cows must consistently excel at converting our basic grass resource to beef. Practicing this philosophy has refined our cowherd into trouble free and productive cattle. We do not select for any extremes in performance but demand functionality in our cattle. We do practice line breeding and strive to produce as many $\frac{1}{2}$ and $\frac{3}{4}$ blood calves as possible. All the bulls have been DNA tested to identify the sire.

We have included individual cow weight data for your information. Over the last 3 years, our cows' average weights were as follows:

2 yr. olds: 834

3 yr. olds: 960

4 yr. olds and older: 1158

The bulls were developed last winter at home on stockpiled grass and a little cake and will be on grass until Dec. 1st. They will then be penned up on hay for the sale and back out on grass right after the sale until delivery. These bulls have never had their feet trimmed. Our objective with this bull development program is: "What you see is what you get." These bulls should maintain themselves and keep gaining at your place until they mature. You can be confident that these bulls will get the job done and not need much maintenance.

An addition to our sale again this year is bulls that were raised by Rocco & Annie Carroccia. They bought bulls from us in 2007 and followed up by purchasing cow/calf pairs in 2009 and more heifer pairs in 2010. We purchased these bulls after weaning and they have been with our home raised bulls since then. Rocco & Annie have similar philosophies about cattle as we do and we are pleased to have these bulls in the sale. These bulls are noted in the catalog.

With well over 250 head of steers and heifers harvested through our branded beef business, 76% have graded choice or better on a diet of long hay and whole corn or forage only with the following averages: Hot Carcass Weight: 649 Backfat: .37 Ribeye Area: 10.5 Yield Grade: 2.97 This reflects a live weight of about 1100 lbs., which is very close to our average mature cow herd weight. We have confidence in what our genetics will do on the rail.

You may view the bulls online at www.indrelandranch.com. You can also bid online again this year at www.frontierlivesale.com!

You may view the bulls online at www.indrelandranch.com. Our sale format is different this year. It seems like we are very good at having our sale on cold, blizzardy days! I guess it is December! To try and give people other options rather than traveling on a nasty day, we will be having an open house to view the bulls starting Saturday, December 3 through Monday, December 5. The sale will be an on-line sale, without a live auctioneer. At 1 pm on the 5th, the lots will start closing in order. Each lot will be given a minimum of 30 seconds and will continue until there is no competitive bidding.

There will be several options to bid:

- You can come to the ranch on Dec 5, look at the bulls in the morning, have lunch and bid on site. People will be available to submit your bids online for you. This will be very similar to a regular auction, just a bit lower key.
- You can bid online as the lots close starting at 1 pm on Dec 5.
- You can come look at the bulls anytime Dec 3 – 5. You can then place a proxy bid on line, indicating the maximum you would pay for the bull. No person will know what that amount is. Then when that lot comes up, if there is competitive bidding, it will automatically bid for you up to that amount.

For example: You want to bid on 3 bulls but can't be at a computer or your internet service is marginal. You can place a proxy bid ahead of time on those 3 bulls. No one knows how much your proxy bid is. If your proxy bid is \$3500 and the starting price is \$2500 with no online or on-site bids, you will buy the bull for \$2500. If there are online or on-site bids, the system will bid on your behalf up to (but no more than) your proxy bid.

This is a secure and convenient method to buy your bulls. If your internet is marginal, proxy bidding is an easy way around that. Please consider coming to look at the bulls anytime, go home, register/log in and place your bids if you choose. Thank you!

Welcome to Indreland Angus,

Thanks for taking the time to look through our catalog. A lot of information is being published these days about how grazing animals can have a positive influence on soil health, and regenerating of organic matter in the soil for water holding capacity. We are using these practices and our genetics fit the purpose well. We think this is a great opportunity for people to focus on some of the things that they can influence. I am talking about the genetics that you put into your cowherd. Looking to the future it appears to me that cattle that require lots of iron, fuel and labor to support their maintenance will find themselves at a disadvantage. Seek out and buy cattle that will pass on some of the cost saving traits into their progeny, things like longevity, fertility, do-ability and \$EN. These are the things that are built into and doubled up in Indreland cattle through years of pressure and selection. It is for these reasons that we are proud of our cattle and what they can bring to the table for us and our customers, now and into the future.

Again, welcome and thank you for your interest. Please call, e-mail or stop in anytime.

All the best,

The Indreland Family

This sale is not a standard format, both proxy bidding before the sale date, and live bidding will be available, but there will be no auctioneer.

This sale will be broadcast live over the internet via Frontier Live Sale. The sale will begin with the ability to place proxy bids now through December 5th. On December 5th at 1:00PM, we will go through the lots in catalog order, on-site and online bidders will have the opportunity to place bids, when the bidding ceases, the lot will be sold to the high bidder. Proxy bids will directly compete with on-site, and online bidders. Duration will be a minimum of 30 seconds per lot.

To place bids, you must PRE-REGISTER, go to the Indreland Angus Ranch Sale page at www.frontierlivesale.com and click "Register/Login to Sale". You must have an account with Frontier Live sale, and you must then register for this auction. Registrations do not carry over from sale to sale.

For those who wish to simply view the sale without registering, login with your Facebook, or Google account. If you don't have a Facebook or Google account, a guest login will be provided.

Instructions for watching the sale can be found at www.frontierlivesale.com

We encourage you to register early to avoid any problems and make sure you are set up to view the sale. Visit www.frontierlivesale.com for all the details!

Selling
95 - Eighteen month old Bulls
INDRELAND ANGUS
ANNUAL BULL SALE

MONDAY DECEMBER 5, 2016

ON-LINE OR AT THE RANCH • BIG TIMBER, MONTANA

*Lunch 12:00 p.m. • Sale 1:00 p.m.
at the Ranch in Big Timber, Montana*

Scott Fraser 406-860-6548 Frontier Productions
Sam Fraser 406-860-0590 Frontier Productions
Gary Wall 406-208-8536 ORlgen Genetics

Visit our new site!

BULL PREVIEW: December 3 - 5, lunch will be available all three days.

ON-LINE SALE START TIME:

1:00 p.m. (MST) Lots start closing in catalog order.

LOCATION:

Indreland Ranch - 12 1/4 miles north of Big Timber on Hwy 191 N, then east on Glasston Road for 1.7 miles

ANNOUNCEMENTS:

Announcements made sale day take precedence over any printed materials.

VOLUME DISCOUNT:

Volume discounts will be given on 2 or more bulls. 2% for 2 bulls, 3% for 3 bulls, etc. up to 5%.

DELIVERY:

Bulls will be delivered by the end of January. Free delivery in Montana. Out of state deliveries at cost. Your cooperation in taking delivery is greatly appreciated.

WINTERING:

Arrangements can be made to keep bulls past January 31 at \$3 per head per day.

HERD HEALTH

All bulls have tested negative for PI BVD and have been semen tested day by Dr. Katie Rein. Current weight and scrotal measurements will be available sale day. All bulls have been DNA tested for sire identification as the cows are bred in multi-sire groups.

GUARANTEE

Bulls are fully guaranteed. If for any reason you are unhappy, we request the opportunity to solve the problem. Replacement bulls of like quality will be provided at no charge in the case of a dead or injured bull that is unable to finish the breeding season. Credit can also be given.

NEW SALE FORMAT!!

Our sale format is different this year. It seems like we are very good at having our sale on cold, blizzardy days! I guess it is December! To try and give people other options rather than traveling on a nasty day, we will be having an open house to view the bulls starting Saturday, December 3rd through Monday, December 5th. The sale will be an on-line sale, without a live auctioneer. At 1 pm on the 5th, the lots will start closing in order. Each lot will be given a minimum of 30 seconds and will continue until there is no competitive bidding.

There will be several options to bid:

- You can come to the ranch on Dec 5th, look at the bulls in the morning, have lunch and bid on site. People will be available to submit your bids online for you. This will be very similar to a regular auction, just a bit lower key.
- You can come look at the bulls anytime Dec 3rd – 5th. You can then place a proxy bid on line, indicating the maximum you would pay for the bull. We, or anyone else, will not know what that number is. Then when that lot comes up, if there is competitive bidding, it will automatically bid for you up to that amount.
- You can bid online as the lots close starting at 1 pm on Dec 5th. NOTE: If your internet connection is marginal, please call ahead of sale time so we can try to help or make arrangements to be on a phone

What is \$EN?

The American Angus Association's definition of \$EN (cow energy value) is "expressed in dollar savings per cow per year, assesses differences in cow energy requirements as an expected dollar savings difference in daughters of sires. A larger value is more favorable when comparing two animals (more dollars saved on feed energy expenses). Components for computing the cow \$EN savings difference include lactation energy requirements and energy costs associated with differences in mature cow size."

Indreland Angus \$EN

According to the Fall 2016 Sire Evaluation Report, the average for \$EN in the Angus breed for non-parent bulls is -4.73. Our average \$EN for our registered sale bulls is +20.91. With the rising cost of feed, we think the \$EN number should really be evaluated and in our opinion, is the first step to low input production.

They grow up to be beef bulls!

FFA Donation Bull

Indreland Angus is participating in the FFA Bulls for Blue Program at the sale this year! 10% of a bull will be donated to the Montana FFA Foundation. The bull on which the 10% will be donated will be announced prior to the sale. Funds generated provide startup funds for Supervised Agriculture Experience Projects related to the beef industry and ongoing support to students. We believe in investing in the next generation of agriculturalists and producers in the beef industry!

Commercial Bulls

raised by Rocco and Annie Carroccia

Rocco & Annie run their cattle in the same low input environment as we do and have used our genetics for several years. They were born mid May to mid June, unassisted in range conditions. Birth weights were not taken. We purchased these bulls after weaning and they have been with our bulls since then. These bulls are guaranteed by Roger & Betsy the same as the other bulls

SELECT FEMALE OFFERING

We will be offering a selection of females ranging from heifer calves to bred cows to foundation cows. We have not made those decisions as of our catalog print deadline.

Please check our website, e-mail, or call for more information.

Thank you!
